You know it, we know it, and your loved ones know it too: the holidays are **FINALLY** here!

And after a year as crazy as this, that means a long-awaited period of relaxation, festivity and fun. And of course, it's also a period of shopping, shopping, shopping.

We know how stressful it can be to find the perfect gifts for all the special people in your life, especially this year, where we can't all be fully together.

But at JustCBD, we hope to make your shopping experience a little easier and *way* more rewarding. With our endless deals, you'll find something for everyone; maybe even yourself while you're at it!

## Pre-Black Friday: 25% Off or More!

Let's kick off the holiday season with savings—better yet, let's enjoy the savings you don't have to leave your home for!

The day before Thanksgiving, we're offering massive savings for the folks wanna get their shopping done *before* Black Friday. Those faithful CBD shoppers can enjoy 25% off *or more* with these special promo codes! And the more you spend, the more you save!

*Anyone* who shops before December can use the code EIF to get 25% off.

Shoppers who spend more than \$50 can save 30% with code REINDEER.

Finally, the rockstars who spend more than \$101 can save 35% with the code SANTA. You've clearly been on the Nice List, so you deserve an extra-special treat.

All of these promo codes last until December 1st, but if you miss out, don't stress! The holiday specials are just beginning!

## Black Friday is **HERE!**

Question: do you like *free CBD*?

If the answer is yes, you're going to *love* this special. For the entire Black Friday weekend, you just have to spend \$30 for a free 10-pack set of our legendary [Honey Sticks!](#)

Our CBD-infused Honey Sticks are the epitome of convenience with CBD; not only are they insanely discreet, but they're easy to take on-the-go, thanks to their neatly-packed little tubes, which contain 10 mg of CBD each.

And while they're delicious enough to pour straight onto your tongue, they can also be enjoyed with any snack or beverage that needs a burst of sweetness: your morning toast, your cup of coffee or tea, and it tastes *amazing* in nut butters!

If you've always been curious about our Honey Sticks, but can't seem to deviate from our other CBD goodies, this is the deal you'll want to take advantage of.

## Cyber Monday: **30% Off Seasonal Gummies**
